ON ADVERTISING

AN ADDRESS DELIVERED BY W. L. DEHART AT KANSAS CITY.

NEWSPAPERS ARE BEST

Of All Methods, Newspaper Advertising is the Best—An Interesting Talk.

W. Lewis DeHart of the firm of DeHart & Holmes of this city recently gave an address to the state jewelers' convention at Kansas City on the subject of advertising. Mr. DeHart deals with the subject in such an interesting manner that below will be found extracts of his address, which should be read by our merchants:

"General opinion leads us to believe that newspaper advertising, beyond the shadow of a doubt, is better than any other method. This is true in the average Missouri town. By newspaper advertising I don't mean simply the contracting of so much space in your daily or weekly paper, and spreading a little printer's ink in a haphazard way in that space, and then sitting back in one corner of your store and expect to see the dollars roll in. If that space is worth anything at all to you it is worth at least enough for you to put more than a passing thought to the copy or wording of your ad. Just as it has been said that one's eyes act as a mirror to one's soul, your copy should reflect the atmosphere of your store, its methods, your reputation. During the holiday season, when all of us are busy, don't wait until the newspaper man calls for your copy and then try to write an ad. You will be disappointed when you see it in print, and in most cases you have lost by inattention a large part of the value of the advertisement. Our policy has always been to lay out the foundation for the holiday campaign a month or so in advance, deciding on how much space we intend using, writing all our ads and arranging them in such a way that the climax or supreme effort will be reached the week preceding Christmas.

"If there is any special reason why yours is the best store, don't hesitate to say so, but never to the discredit of a competitor. Do not word an ad in such a way as to carry an uncomplimentary remark in regard to his reputation, methods or establishment.

"Volumes have been written in regard to newspaper advertising, and the conclusion to be drawn is advertise in your local paper, but don't forget that it's what you say, more than how much space you use that will eventually bring returns. Write less advertising but make it better.

"There is one more point that should be cussed and discussed which, to my mind, is one of the greatest evils and does the least good of anything the retail store has to confront. We refer to the little schemes such as advertising in telephone directories, theater curtains, programs, circus elephants and the thousands of other things that almost daily confront the merchant. While in most cases the amount is insignificant, when the average merchant totals the amounts at the end of the year, he finds that he has spent a lot of hard-earned money and has not received a single iota of benefit therefrom.

"It is often very hard to turn down a proposition of this kind because the amount is small, and in most cases the solicitor is a friend of yours and a customer of your store, and it takes just one or two implied threats to make you come across. It is very hard for the merchant to fight this evil single-handed. He gets a lot of people 'down' on him—is called 'tight' and all sorts of 'nice' names, and in most cases he falls right back in line and lets the solicitors and grafters take the cream of his profits from him under the guise of advertising. This ever existing evil has been successfully fought in a great many places by the forming of a retailers' association. Much good can be done by team work or co-operation which would be impossible for the individual. In a recent issue of one of our well known trade publications there appeared an article explaining how in an Illinois city of about 20,000 inhabitants the retailers formed an association and signed an agreement not to patronize certain 'schemes' that are presented under the cloak of advertising. Here are the things that were decided on as unprofitable and that all agreed not to patronize:

"Advertising in all kinds of programs, no matter for what purpose the entertainment, celebration or gathering might be promoted.

"Advertising on score cards for base ball or any other athletic sport, for races or any other contests of any kind.

"Advertising originated by foreign canvassers or solicitors. In this class falls all sorts of schemes, such as telephone directory cards, wall maps, fire alarm cards, kitchen helps' cards, space on the elephant on circus day, and a hundred or more other schemes that are devised merely for the purpose of dividing the merchant from his bank roll.

"Advertising in all religious and professional periodicals, or other periodical advertising other than the daily and weekly newspapers.

"Advertising by floats in any kind of a celebration or procession.

"Trading stamps of every description, coupons and premium checks, no matter what the nature, were not to be tolerated in the city by the merchants.

"Donations of money or merchandise to church fairs, bazaars, suppers and other social benefits of all kinds.

"Donations to fraternal societies, charitable institutions and public benefit occasions.

"Prizes to fairs, Labor day celebrations, school celebrations, national holiday affairs, excursions, contests, Chautauqua, auditorium, etc.

"Tickets for raffles and lotteries of all kinds, for all affairs presented by church, society, pleasure club, hospital, athletic association or for any other purpose whatever.

"Some of these restrictions will appear rather severe to a merchant at first view, but it is to be remembered that an advisory committee are given the power to allow anyone to solicit or sell any form of advertising that is stamped with their approval. But with very few exceptions these restrictions could be strictly lived up to.

"Why continue to let these things sap the very life blood from our business? If a sneak thief should break into your store and take that which rightfully belonged to you, you would use your best efforts and call for outside assistance to apprehend and convict the culprit. There is unquestionably more money thrown away through the little swindles under the guise of advertising than in the ransackings of the professional crook. Why not use a little of your personal efforts and assist in the forming of a retailers' association in your city, and in this way rid yourself of a few of your burdens?"

BAKER FOR RECORDER.

Skidmore Editor Mentioned for That Office and Will Probably Be a Candidate.

Dan Baker, editor of the Skidmore New Era and the Graham Record, will be a candidate for recorder on the Democratic ticket, according to reports. Mr. Baker is being urged by many friends to get into the race, and rumor has it that he has concluded to do so. He is well qualified and able to fill the office he is seeking, and should be decide to enter the race many are predicting that he can't be beaten.

Mr. and Mrs. C. F. Claycomb and children went to Pickering Saturday for a few days' visit with her mother, Mrs. J. W. Saddler.

Miss Golda Carmichael of the Elmo schools went to Pickering Saturday to visit her parents over Sunday.

FOR TRACK MEET

ENTRY BLANKS BEING SENT OUT OVER DISTRICT.

EXPECT LARGEST MEET

Entries Must Be Sent in by April 11, and No School Can Enter More Than Twelve Contestants.

The constitution and by-laws of the Northwest Missouri inter-high school track meet, revised to date, has been completed and will be mailed to the 113 schools in the fifth district on Monday evening. Twenty-four schools were represented in the meet last year.

A number of the high schools who have been represented in the meet have already sent for application blanks and all the schools who have previously contested are expected to re-enter, so that the largest meet of the organization may be expected on the 24th and 25th of April.

One hundred and ninety athletes contested in the fifteen events last year. Everything possible is now being done to get in readiness for the meet. All the entries must be listed with the corresponding secretary, H. P. Swinehart on or before April 11.

The officers of the organization are as follows: A. R. Coburn, Chillicothe, president; F. C. Teuton St. Joseph, vice president; J. C. Godby, Tarkio, secretary; W. M. Westbrook, Maryville, treasurer; H. P. Swinehart, Maryville, corresponding secretary.

The officials for the meet have not yet been chosen.

No high school can enter more than twelve contestants. Each high school may enter five in each event of the meet, but the preliminaries will eliminate three, leaving only two contestants in the event for the finals.

The high schools enroll by classes. All high schools having an enrollment of 500 or over will be in class A; all with an enrollment from 100 to 500, class B; all having less than 100 enrollment, class C.

VIRGIL W. KEENE INCOG.

Vandyke Beard Disguised Him—What a Columbia Paper Says About It.

The following is taken from the Columbia Daily Tribune of recent date in regard to Virgil W. Keene of this city:

Virgil W. Keene, who represents George D. Barnard & Co., was in town yesterday on his regular trip to Columbia, but a good many of his old friends did not know him for Mr. Keene has cultivated a fine Vandyke, and it is almost a complete disguise. This genial traveling salesman belongs to a coterie of six gentlemen who began "making" Columbia back in the early seventies. Two of them, Charles H. Pierce and A. G. Johnson are dead. The other four, John Ralston, David Lowenstein, William Warren and Virgil W. Keene are still living. Three of them, Mr. Keene, Mr. Ralston and Mr. Warren still visit Columbia. Mr. Lowenstein has quit the road.

Come next 4th day of May, Mr. Keene will have been "making" Columbia twenty-nine years. He began coming here in 1875 and has been regularly on the job ever since. Mr. Ralston is the Nestor of the traveling salesmen who come to Columbia, this being his forty-fifth year. The late Charles H. Pierce was next to Mr. Ralston in the number of years he visited Columbia, Mr. Pierce's term being forty-two years at the time of his death. Mr. Warren has been coming to Columbia considerably over thirty-five years. Mr. Johnson retired from the road before his death, but he was a contemporary of the others. A group photograph of these six gentlemen hangs in many of the hotels of Central Missouri. They were widely acquainted in all the towns which they visited, and the popularity and high standing of each was proverbial.

Attended Sister's Funeral.

Mrs. H. E. Young of Kansas City returned home Monday morning after a week's visit at the home of her brother, Lee Wallace, living northeast of the city. Mrs. Young was called to Clarinda to attend the funeral of her sister, Mrs. Anna Ramsey, who died suddenly of heart trouble last week at her home in Omaha.

Sold Ford Car.

The Barmann Auto company sold Monday a Ford car to Miss Bessie Todd.

Mrs. M. H. Borrusch and sons left Monday for a week's visit at Villisca, Ia., with her parents and Mr. Borrusch's parents.

PRODUCE MARKET

PARCEL POST TO LOWER COST OF LIVING.

FROM FARM TO TABLE

List of Farmers to Be Furnished the Patrons of the Office—Rural Carriers to Do the Rest.

Preliminary steps were taken by the postoffice department at Washington today to perfect its plan for reducing the cost of living by having the parcel post carry the products of the farm directly to the door of the consumer. Ten cities were selected to begin the work of establishing direct communication between product and consumer, Postmaster General Burleson having already issued an order permitting the use of crates and boxes for butter, eggs, vegetables and fruit shipped by parcel post.

Orders went today to the postmasters at Boston, Atlanta St. Louis, San Francisco, Baltimore, Detroit, La Crosse, Wis.; Lynn, Mass.; Rock Island, Ill., and Washington, D. C., directing them to receive the names of persons who are willing to supply farm produce in retail quantities by parcel post. Printed lists of these names, showing kind and quantity of commodity available, will be distributed among town and city patrons.

"By the use of the lists," First Assistant Postmaster General Roper said today, "the city consumer will be able to get in touch with a farmer who will fill his weekly orders for butter, eggs, and other farm produce. The consumer will receive the produce fresh from the country and the personal relationship established no doubt will tend to improve the quality. The farmer will be relieved of carrying his product to market, as the rural carrier will make daily collections at the farmers' own door of these retail shipments to city consumers.

"The point has been raised that difficulty will be experienced in the return of hampers and other containers. This problem does not appear to me to be difficult of solution. The farmer may use inexpensive hampers, whose value would not warrant their return, or he may use the higher grade hampers, for which he may include an additional charge to be credited to the consumer upon the return of the hamper by parcel post."

The postmaster general has the firm conviction that this plan is the one thing necessary to enable the people of this country to enjoy the potential benefits of the parcel post. No one has ever questioned the possibility of reducing the cost of living by establishing direct relations between the ultimate consumer and the original producer. A complete means for such direct transportation was provided for the first time by the establishment of the domestic parcel post, but there has been lacking an agency by means of which the individual producer could get in touch with the individual consumer. The postmaster general's plan is designated to provide this agency for the most economical distribution of those products which are consumed in the form and condition in which they are produced."

LEE LIGHT PLANT SOLD.

Clarinda Concern Purchased by John D. Curtis Company of New York.

Announcement was made last week of the sale of the Lee Electric company plant of Clarinda, Ia., to the John D. Curtis company, New York bankers. Rufus E. Lee will remain as secretary and general manager of the plant.

The past history of the Lee Electric company reads very much like a fairy tale. In 1902 Rufus E. Lee came from Superior, Neb., and organized an up-to-date lighting service, he and his brother, J. Ren Lee, retaining half of the stock, which was $5,000, the other $5,000 of funds being furnished by business men of Clarinda. In 1906 the company incorporated, at which time $12,000 additional was added, and the original investors given the preference of getting back cash for their holdings or taking stock. The present paid up stock of the Lee Electric company is $210,000.

The Lee company is furnishing electricity for Elmo and has been planning for some time to furnish the current for Clearmont, Burlington Junction, Quitman, Skidmore, Graham and Maitland.

Mrs. J. V. Hamilton and daughter, Mrs. Jesse Boyle, of Bedford returned home Saturday from a visit at Burlington Junction with Mrs. Hamilton's son, M. G. Hamilton.

NEW BANK OPENED.

Prospects for Business at Farmers and Citizens Bank at Barnard Better Than Expected.

The new Farmers and Citizens bank of Barnard opened Saturday morning, March 21, with much better business that the officers expected.

The interior presents a handsome and business-like appearance, and is thoroughly equipped for modern up-to-date banking, including a line of safety deposit boxes. The woodwork is all of oak, the walls beautifully tinted in shades of green. The new business is a decided improvement for Barnard and surrounding country.

FEVER SCARE ABOUT OVER.

Only Twelve Cases in the City, While Outside of Town There Are 140 Cases.

The scarlet fever scare in Maryville is about over and there is no danger whatsoever to people who come to this city. There are some twelve cases of the fever, but they are all in a light form and none of the patients are in a critical condition. Everything is being done to prevent the spread of the disease, and it is expected that by Wednesday the public school will resume work and that the picture theaters will open.

There are so many reports out in the county that there are 100 or more cases in Maryville that it is thought best to publish just what the real facts are. There is no reason for alarm over the scare.

It has been estimated that outside of Maryville there are 140 cases of scarlet fever, and also there are many more cases in the country that have never been reported.

A CRITICAL OPERATION.

Dr. Vilas Martin Passed Through a Serious Time Sunday Afternoon at St. Francis Hospital.

Dr. Vilas Martin was operated on Sunday afternoon at St. Francis hospital by Dr. F. R. Anthony for a mastoid abscess, the operation being known to surgeons as the simple mastoid operation, and is an extremely delicate one.

Dr. Martin has been dangerously ill for a week of la grippe infection of the nose and throat, with gatherings in both ears. One mastoid abscess formed at the left ear. The bone back of the ear was chiseled through, a piece of bone an inch long being removed, and the pus taken out. The operation was performed just in time, as to wait later would have proved fatal.

Physicians present were Dr. P. Q. Fulkerson of St. Joseph, the consulting physician; Dr. F. M. Martin, Dr. G. A. Nash, Dr. F. M. Ryan, Dr. A. B. Allen, Dr. Charles T. Bell and Dr. Leslie Dean.

Dr. R. H. Street of Chicago, a noted ear specialist and a close friend of the patient, arrived in Maryville Monday morning, and spent the day with Dr. Martin. He was telegraphed for Sunday and it was thought he could reach Maryville for the operation, but it was found necessary to act before he came. He thinks the patient is doing as well as the seriousness of the case will warrant.

To Have Clean-Up Day.

Conception Junction is to have a general clean-up day, and the date selected is Tuesday, March 24, providing weather conditions are favorable.

Mrs. P. C. Holliday and Miss Francis Holliday of Elmo were shopping in Maryville Saturday.

FOR ARBOR DAY

STATE SCHOOL SUPERINTENDENT URGES GOOD GROUNDS.

SHOULD PLANT TREES

Not Less Than 100,000 Trees Should Be Planted—Arbor Day is April 10th—Get Ready.

Arbor day this year is April 10, and State Superintendent Evans is urging all the schools over the state to observe the day. In a letter Mr. Evans says.

"The observance of Arbor day should enforce the need of an improved setting for the school house. Beautiful trees appeal to some of our finest impulses and afford an inviting place for rest and study. No school yard should be without them as adornment and for use.

"If your school grounds are without trees, you should at once take steps to remedy the neglect by planting some. They may be planted before the day set for the celebration and the exercises deferred to the stated time. Some of them should be quick growing and should soon begin to relieve the barrenness, but others should be the more hardy and beautiful varieties. Care should be taken to place them far enough from the building to prevent cutting off light, and they should not be so placed as to ruin the playground, as this is an indispensable part of the school plat.

"Not less than 100,000 trees should be planed this year. Will you plant ten?"

The program as suggested for Arbor day follows:

Song, "Anthem for Arbor Day," S. F. Smith.

Invocation.

Music.

Proclamation of the governor and message of State Superintendent Evans.

Scripture reading (selections made by the teachers).

Essay, "The Origin of Arbor day."

Recitation, "Woodman, Spare That Tree," by Morris.

Song, "Nature's Greeting to the Birds," by Irish.

Recitation, "The Groves Were God's First Temples," by Bryant.

Quotations from various sources.

Oration, "Protect the Trees."

Short quotations by four or five pupils.

"What Do We Plant When We Plant Trees?"

Address by local speaker.

SUING FOR DIVORCE.

Albert I. Cook Alleges Abandonment in His Petition For Divorce From Lou Elizabeth Cook.

A divorce suit was filed Monday in Circuit Clerk Rathbun's office by Attorney S. E. Brown of Hopkins for Albert I. Cook vs. Lou Elizabeth Cook. The petition states that they were married in Nodaway county on February 25, 1890, and lived together until March 1, 1906, when the defendant left without reasonable cause and has since been away.

Another suit filed Monday was Dennis N. Burch vs. Jasper H. Burch, attachment. S. E. Brown is the attorney.

Four Life Diplomas.

Those who finished the life diploma course of the Normal with the winter term that ended March 6 were Miss Floy Lyle of Maryville, Miss Jane Salmond of Tarkio, Miss Eva Call of Trenton and Glen Lukens of Cameron. These graduates, with a large class at the end of the spring quarter, will be present to take part in the annual commencement exercises and alumni banquet in May.

WILSON CONTENDING WITH HOUSE LEADERS

President and Advisers Canvass Panama Tolls Question.

Washington, March 23.—President Wilson and his advisers were in consultation, canvassing the Panama tolls situation. They talked with administration leaders in congress and learned that while there was little reason to doubt the ultimate triumph of the repeal of the exemption, a stubborn opposition had arisen, particularly in the house.

One of the peculiar phases of the situation is that Speaker Clark, Majority Leader Underwood, Representative Kitchen, Representative Fitzgerald and others usually with the administration in its policies, now are opposing it. With this opposition are many Republicans and Progressives and the probability of a close vote is daily increasing.

It is generally admitted among the president's friends that he is confronted with the most serious opposition he has yet encountered, and they point out that the general effect on the nation's foreign relations in the event of the failure of the repeal surely would lead to considerable embarrassment in other diplomatic questions now pending.

Charges that some of the Democratic and Republican opponents of the repeal in the house are filibustering on the rivers and harbors appropriation bill to prevent action on exemptions repeal as long as possible continued to be heard.

LAND FOR 2,500 PERSONS

Tract of 410,000 Acres in Oregon May Be Filed On in June.

Portland, Ore., March 23.—More than 400,000 acres of land in the Deschutes and Paulina national forests in Crook, Lake and Klamath counties will be thrown open for settlement within sixty days through an order just signed by President Wilson withdrawing this land from the forest reservations. This land will provide homesteads for more than 2,500 persons.

It is reported that the land will be opened for actual settlement May 9 and that filings will be permitted on and after June 8. Officials of the forestry bureau in Portland estimate that of the aggregate of 410,763 acres thrown open, approximately 120,000 acres are occupied by settlers. These settlers will be permitted to remain. Settlers on the remaining 290,000 acres will be permitted to take up homesteads of 150 acres each in accordance with the federal land laws.

Wants All Bachelors Taxed.

Pittsburgh, March 23.—"All the Oriental youths must marry when they are young. I want to see a law passed that would compel every young man over twenty-five who is not married to pay a tax to the government for the support of a wife," Rev. Dr. Camden M. Cobern of Allegheny college, Meadville, Pa., said at the session of the midwinter bible conference. Dr. Cobern deprecated advanced bachelorhood and urged young men to marry young.

Favors Shown to Wife of Caillaux.

Paris, March 23.—The killing of Gaston Calmette, editor of Figaro, by Mme. Caillaux, wife of the former minister of finance, continues to absorb public interest. The protest that Mme. Caillaux is the recipient of excessive favors in prison assumed formidable proportions. She passed a bad night following the lengthy examination she underwent before Magistrate Boucard.

Further Volcanic Activity in Japan.

Tokyo, March 23.—A severe eruption of the volcano on Suwanez island, south of Kiushiu, began. The flames rose 500 feet above the mouth of the crater. An expedition has been sent to give relief to the 280 inhabitants of the island. The long extinct volcano Chokai, near Sakata, also is in eruption.

Editor Moorhead's Father Dead.

Editor W. L. Moorhead of the Hopkins Journal left Sunday morning for Baldwin, Kan., called there by the death of his father, Rev. John Moorhead, who died at his home there Saturday evening. Rev. Moorhead was 85 years old and had been on the retired list of Methodist ministers for several years. Early in his ministry he was pastor at Grant City, Mo., but the greater part of his ministerial life was spent in Kansas. He preached to the prisoners in the Kansas state penitentiary for many years. His wife died four months ago. Three children survive, Mr. Moorhead of Hopkins, Dr. John Moorhead of Neodesha, Kan., and Mrs. H. K. Ebright of Baldwin, Kan.

Go-to-Church Day in Skidmore.

Go-to-Church day will be observed in Skidmore on Sunday, April 5. Special programs will be given and it will be the endeavor to get every one in the town to go to church that day. Skidmore is a pretty good church town anyway, and it should not be a hard matter to have every home in that community represented that day.

Quarterly Meeting.

Presiding Elder McPherson of St. Joseph is holding quarterly meetings at the M. E. church, South, in Guilford Monday for the Ravenwood, Bethel and Guilford churches.

To Ensworth Hospital.

Mrs. Thomas Pugh of Guilford was taken to Ensworth hospital Monday morning, where she will be operated on for appendicitis.

Mrs. A. Bosley went to Parnell Saturday to visit her daughter, Mrs. Pearl Griffey.

Mr. and Mrs. C. B. Alexander of Hopkins were Maryville visitors Monday forenoon.

A marriage license was issued Monday by Recorder Wray to Fred M. Jackson and Louise Warren, both of Creston.

A marriage license was issued Monday by Recorder Wray to Lea Lester Dale of Burlington Junction and Vada E. Yardley of Wilcox.

Harold Ford of Chicago, who was called to Maryville by the death of his sister, Mrs. Glade Bradley, left for his home Saturday evening.

In Police Court.

There were three cases of vagrancy up before Mayor Robey this morning and each one of them received a fine of $5 and costs. They were C. R. Steel, Mike Williams and Luke Lavin. Being unable to pay the fine and costs they will work it out for the city. Another case up was that of H. Vanvark, who was fined $2 and costs for drunkenness.

Home From St. Louis.

Mrs. Berney Harris and daughter and Mrs. Herbert Langsdorf and son returned Sunday morning from St. Louis, where they have been visiting for nearly five weeks. Mrs. Harris was called by the illness of her father, B. Schaarf, who has made considerable improvement for several days. Mrs. Langsdorf visited her parents, Mr. and Mrs. Block.

Class Gave Play.

The senior class of the Lafayette school, southeast of Guilford, of which Miss Eva Rodgers is teacher, gave a play Friday night at the school before a large audience. After the play, which was splendidly presented, there was a pie sale, Ernest Workman being the auctioneer. The pies brought $15. The class numbers eight students. They will be graduated soon.

Mr. Hull Still Improving.

Mr. J. F. Hull of the Tribune continues to improve, but he will not be allowed visitors for another week, owing to his nervous condition, due to the severity of his illness.

C. M. Johnson, deputy sheriff of Bedford, Ia., was a city visitor Saturday. He said that Lloyd Conder, who was caught in Maryville last week for stealing a team of horses, was sentenced to five years in the penitentiary on Friday.

James A. Greenlee, who has been employed in the Strong barber shop for some time past, will leave for Effingham, Kan., Monday. Mr. Greenlee has bought a barber shop there and will take possession at once.

Dr. J. K. Phipps of Grant City came to Maryville Sunday evening to assist in an operation on his nephew, son of Mr. and Mrs. I. J. Phipps of this city. Dr. Phipps left this morning after the operation for his home.

Mr. and Mrs. F. M. New of Hopkins were in Maryville on business Saturday morning.

Visiting in St. Joseph.

Miss Marie Brink and Miss Maud Bainum went to St. Joseph Monday morning. Miss Brink will remain for a several days' visit with her aunt, Mrs. J. W. Spencer. Miss Bainum will return Monday night.

Miss Isabelle Read of Breckenridge, Mo., who has been engaged as a nurse in the case of J. F. Hull of the Tribune, left Monday morning. Mr. Hull continues to improve.

Attended Aunt's Funeral.

Mrs. S. J. Schrader of near Barnard visited in Maryville from Friday until Sunday with her sisters, Misses Mary and Hannah Shea. Mrs. Schrader had been to Omaha to attend the funeral services of her aunt, Mrs. Margaret Fitzgerald, an old resident of that city, who was 84 years old at the time of her death.

Frank Mahan and son of Hopkins were in Maryville today on business.

INDIGESTION, GAS OR SICK, SOUR STOMACH

Time It!—"Pape's Diapepsin" Makes Your Upset, Bloated Stomach Feel Fine in Five Minutes.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Advertisement.

REBELS DEPLOY THEIR FORCES

Troops Posted at All Vantage Points Before Torreon.

ALL HINGES UPON THE BATTLE

Washington Government Declines to Change Attitude Publicly or Express Opinion on Any of the Proposals Made by Huerta.

Bermejillo, Mex., March 23.—Rebel troops have been posted at all vantage points before Torreon and General Villa left here for the front.

The front of khaki-clad rebels, including the almost naked Indians who offered their services and those of their bows and arrows at Chihuahua a month ago, but who have been given modern uniforms and arms, was nearest the enemy at Brittingham Junction, only seven miles north of Torreon. Other columns were fifteen, twenty-two and even more miles away, but all were reported in motion along the route opened by the vanguard, in the direction of Torreon.

Before leaving for the front General Villa said he doubted whether the federals would make further resistance until his assault on their main position takes place, although there were rumors that the enemy would make a show of resistance at Gomez Palacio, a suburb of Torreon, reached by street cars, and noted for its big railroad shops.

At a great irrigation ditch shortly after leaving Bermejillo General Benavides came upon a federal force, which he estimated to number 400. An hour's engagement ensued, as a result of which the rebel commander reported to General Villa the rout of the enemy, leaving ninety dead on the field. His own loss he reported as three killed and seven wounded.

This force of government troops seems to have been far in advance of support and the town of Tlahualilo was garrisoned by a rebel squad without resistance. Meanwhile General Herrerra occupied Santa Clara and sent a force to bridge the ditch where General Benavides had vanquished opposition.

Awaiting Outcome at Torreon.

Washington, March 23.—Although full reports of the conference at Vera Cruz between John Lind and Senor Rojas, minister of foreign affairs in the Huerta cabinet, have been received here, the disposition of the American government is to make no change in its policy toward Mexico or express itself on any of the new proposals reported to have been made until the battle of Torreon is fought. This became authoritatively known, although officials declined to say what new proposals had been made by the Mexican cabinet officer.

EUROPE IS RADIUM CENTER

Only Two Grains of Thirty in Existence Is in United States.

Washington, March 23.—The annual report of Director Joseph A. Holmes of the federal bureau of mines tells how the United States failed to recognize the importance of radium as a cure for cancer until the European countries had procured practically all of the present available supply.

It is estimated by Director Holmes that "in the United States 75,000 persons die each year from cancer." Explaining that radium is considered the most promising cure for certain types of cancer, the director says the most serious barrier to progress in demonstrating this is the scarcity of radium.

"There is probably not more than thirty grams of radium available for use in such treatment in all countries," the report says. "Of this amount there is probably not more than two grams of radium bromide in the United States, in the hands of a few surgeons.

"Probably fifteen grams of radium bromide was produced during 1912 and of this nearly 11.5 grams was extracted in European countries from ores shipped to them from the United States—mainly from Colorado and Utah."

Mother Jones Leaves for Trinidad.

Denver, March 23.—"Mother" Mary Jones, the aged strike leader, left for Trinidad, in defiance of military orders. "I certainly expect to be arrested the moment I step from the train," said she, "and I will go back to the hospital, since the soldiers have the bayonets and I have nothing but the constitution."

Mob Beats Troops to Negro.

Canton, Ala., March 23.—While a company of militia was hurrying from Montgomery and before a sheriff's posse with Charles Young, a negro could reach this city, a mob captured the prisoner and lynched him.

Jeanette Defeats Carpentier.

Paris, March 23.—In a fifteen-round bout here Joe Jeanette, the American heavyweight puglisit, won the decision over Georges Carpentier, the French champion, on points.

Favors Suffrage.

Pottstown, Pa., March 23.—The Philadelphia conference of the Methodist Episcopal church unanimously adopted a resolution favoring woman suffrage.

RUN-DOWN WOMEN

Find Health in a Simple Tonic.

How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed—but they are run down, thin, nervous, tired and devitalized.

Women are so active nowadays, and so much is expected of them, that they constantly overdo and suffer from headache, backache, nervousness and kindred ills.

Such women need Vinol, our delicious cod liver and iron tonic without oil which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. Walter Price, Biloxi, Miss., says: "I was in a run-down condition for months, I had taken several medicines but they seemed to do me no good. Finally Vinol was recommended, and from the first bottle I began to improve until I am strong and well as ever."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Orear-Henry Drug Co., Maryville, Mo. —Advertisement.

Miss Nora Martin to Marry.

Maryville friends have received invitations to the marriage of Miss Nora B. Martin and Howard K. Peterson of St. Joseph, at 5 o'clock Sunday evening, April 12, at the home of the bride's parents, Mr. and Mrs. Charles Martin, 2701 South Eighteenth street. The bride-elect is the eldest daughter of Mr. and Mrs. Martin, former Maryville residents, and a niece of M. A. Turner of this city. The bridegroom-elect is a young groceryman of South St. Joseph.

His Sixty-Third Birthday.

B. A. Cox of near Barnard was given a surprise dinner Thursday, March 19, in honor of his sixty-third birthday anniversary. Dinner was served at 1:30. Games and music occupied the guests the remainder of the day. The company included B. A. Cox, Mr. and Mrs. Jacob Outs and son, Mr. and Mrs. Will Conklin and family, Mr. and Mrs. Yates Cox, Mr. and Mrs. Ed Russell and family, Mr. and Mrs. S. J. Icke, Mr. and Mrs. S. M. Wesley Cox, Edgar Henderson and Bert Icke.

Her Mother's Birthday.

Miss Mabel Hunt entertained Sunday in honor of her mother, Mrs. J. L. Hunt, who reached her seventy-fifth birthday anniversary that day. The affair was a complete surprise to Mrs. Hunt, and all the more enjoyable to her. A three-course dinner was served at 11 o'clock. The table was centered with a large bouquet of red carnations, the gift of Mrs. Hunt's brother, Judge W. H. Conn. A color scheme of pink and white was carried out in the desert. The table was arranged for Mr. and Mrs. J. L. Hunt, Judge W. H. Conn, Mrs. Rosanna Stauble, Mrs. James Craig, Mrs. J. M. Ringgold, Mrs. G. M. Campbell, Mrs. Linda Nelson. The afternoon was delightfully spent until 5:30, when all took their departure, each wearing a carnation. Music and singing, in which all present joined in singing many old-time hymns, among them many favorites of the guests. Each guest's name was placed in Mrs. Hunt's birthday book, and a verse from Tennyson appropriate for each was read.

MOVEMENT OF TROOPS IS OVER

Their Disposition Affected by Threatened Resignations.

SEVENTY OFFICERS RESIGN.

Notified This Means They Will Be Liable to Court-Martial—Not Slightest Disturbance Follows Threatening Attitude of Followers of Carson.

London, March 23.—All is quiet in Ulster. The king has thrown his influence on the side of conciliation and seems to have made a personal appeal to the officers who had resolved to resign rather than face the possibility of being called upon to fight in Ulster and it may be taken for granted that the king is equally exerting his influence with the ministers in the same conciliatory directions.

Proofs are not wanting of the desire on both sides that everything possible should be done to avoid any chance of conflict. The Nationalists have abandoned their proposed parade at London, and Sir Edward Carson, the Ulster Unionist leader, continues to voice his desire to do his utmost to avoid provocative acts.

All Troops Moved.

The government announced that all intended movements of troops have been completed, but this may be a decision necessitated by the threatened resignations of the officers. Apparently no further actual resignations have been offered. Numerous questions of this and cognate questions are to be asked in parliament today and should bring forth reliable information on what at present is a somewhat obscure subject, owing to the heat of party feeling.

As a result of a meeting of the party leaders, Andrew Bonar Law will move the adjournment of the house with a view to securing a discussion of the situation.

The prime minister conferred for an hour with the king, and the utmost activity prevails in all government quarters. Among the political leaders, however, the situation is considered more favorable.

Account of Defection.

What appears to be a reliable account of the defection of the officers at Curragh comes in a Dublin dispatch. The officers received notification from the war office that unless they were prepared for active service in Ulster under certain contingencies they should send in their papers within twelve hours. As a result of this notification seventy out of seventy-six officers, including Lord Holmpatrick, resigned.

General Paget told them that the war office was willing to accept the resignation of General Gough of the Third cavalry brigade and the senior officer of his staff, Major Kearsley, but that the others would be individually liable for their refusal to serve, which meant that they might be court-martialed.

General Gough and Major Kearsley declined to accept the offer of special treatment and said they would stand or fall by their brother officers.

General Paget gave assurance that the movement of troops to Ulster was intended merely for the protection of government property and on this assurance the officers eventually agreed to proceed to Ulster for police duty, but resolutely refused to undertake hostilities against the Ulster loyalists.

T. R. LOSES EQUIPMENT

Colonel's Party Suffers Mishap In Rapids of River in Brazil.

New York, March 23.—The loss of all the equipment of Theodore Roosevelt's party in the unexplored wilds of central Brazil is reported in a cablegram from Anthony Fiala, a member of the party. The message, dated at Santarem, Brazil, follows:

"We have lost everything in the rapids. Telephone my wife of my safety."

The rapids mentioned are presumed to be those of a tributary of the Amazon river.

Brigands Sack Entire Towns in China.

Peking, March 23.—Outrages by brigands in central China are assuming alarming proportions. Several bands associated with the noted outlaw, White Wolfe, are ravaging sections of the country, murdering and robbing the people and burning their property. The latest exploit of the bandits was the massacre of 300 townsfolk who were resisting their entrance into an important market town close to Siangyaungfu.

Woman Outlives Her Four Husbands.

Colorado Springs, Colo., March 23.—Mrs. Jane Butcher, ninety-one years of age, one of the most remarkable women who ever lived in the Pike's peak region, died at the home of her son-in-law and daughter, Dr. and Mrs. M. Hook, in Colorado City. Mrs. Butcher outlived four husbands, and her last proposal of marriage came when she was seventy-two years old.

Returning to Normal Temperature.

Washington, March 23.—A gradual return to normal spring temperatures with generally fair skies, during the coming week was predicted by the weather bureau for all sections of the country east of the Rocky mountains

Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded $235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.

ON ADVERTISING

AN ADDRESS DELIVERED BY W. L. DEHART AT KANSAS CITY.

NEWSPAPERS ARE BEST

Of All Methods, Newspaper Advertising is the Best—An Interesting Talk.

W. Lewis DeHart of the firm of DeHart & Holmes of this city recently gave an address to the state jewelers' convention at Kansas City on the subject of advertising. Mr. DeHart deals with the subject in such an interesting manner that below will be found extracts of his address, which should be read by our merchants:

"General opinion leads us to believe that newspaper advertising, beyond the shadow of a doubt, is better than any other method. This is true in the average Missouri town. By newspaper advertising I don't mean simply the contracting of so much space in your daily or weekly paper, and spreading a little printer's ink in a haphazard way in that space, and then sitting back in one corner of your store and expect to see the dollars roll in. If that space is worth anything at all to you it is worth at least enough for you to put more than a passing thought to the copy or wording of your ad. Just as it has been said that one's eyes act as a mirror to one's soul, your copy should reflect the atmosphere of your store, its methods, your reputation. During the holiday season, when all of us are busy, don't wait until the newspaper man calls for your copy and then try to write an ad. You will be disappointed when you see it in print, and in most cases you have lost by inattention a large part of the value of the advertisement. Our policy has always been to lay out the foundation for the holiday campaign a month or so in advance, deciding on how much space we intend using, writing all our ads and arranging them in such a way that the climax or supreme effort will be reached the week preceding Christmas.

"If there is any special reason why yours is the best store, don't hesitate to say so, but never to the discredit of a competitor. Do not word an ad in such a way as to carry an uncomplimentary remark in regard to his reputation, methods or establishment.

"Volumes have been written in regard to newspaper advertising, and the conclusion to be drawn is advertise in your local paper, but don't forget that it's what you say, more than how much space you use that will eventually bring returns. Write less advertising but make it better.

"There is one more point that should be cussed and discussed which, to my mind, is one of the greatest evils and does the least good of anything the retail store has to confront. We refer to the little schemes such as advertising in telephone directories, theater curtains, programs, circus elephants and the thousands of other things that almost daily confront the merchant. While in most cases the amount is insignificant, when the average merchant totals the amounts at the end of the year, he finds that he has spent a lot of hard-earned money and has not received a single iota of benefit therefrom.

"It is often very hard to turn down a proposition of this kind because the amount is small, and in most cases the solicitor is a friend of yours and a customer of your store, and it takes just one or two implied threats to make you come across. It is very hard for the merchant to fight this evil single-handed. He gets a lot of people 'down' on him—is called 'tight' and all sorts of 'nice' names, and in most cases he falls right back in line and lets the solicitors and grafters take the cream of his profits from him under the guise of advertising. This ever existing evil has been successfully fought in a great many places by the forming of a retailers' association. Much good can be done by team work or co-operation which would be impossible for the individual. In a recent issue of one of our well known trade publications there appeared an article explaining how in an Illinois city of about 20,000 inhabitants the retailers formed an association and signed an agreement not to patronize certain 'schemes' that are presented under the cloak of advertising. Here are the things that were decided on as unprofitable and that all agreed not to patronize:

"Advertising in all kinds of programs, no matter for what purpose the entertainment, celebration or gathering might be promoted.

"Advertising on score cards for base ball or any other athletic sport, for races or any other contests of any kind.

"Advertising originated by foreign canvassers or solicitors. In this class falls all sorts of schemes, such as telephone directory cards, wall maps, fire alarm cards, kitchen helps' cards, space on the elephant on circus day, and a hundred or more other schemes that are devised merely for the purpose of dividing the merchant from his bank roll.

"Advertising in all religious and professional periodicals, or other periodical advertising other than the daily and weekly newspapers.

"Advertising by floats in any kind of a celebration or procession.

"Trading stamps of every description, coupons and premium checks, no matter what the nature, were not to be tolerated in the city by the merchants.

"Donations of money or merchandise to church fairs, bazaars, suppers and other social benefits of all kinds.

"Donations to fraternal societies, charitable institutions and public benefit occasions.

"Prizes to fairs, Labor day celebrations, school celebrations, national holiday affairs, excursions, contests, Chautauqua, auditorium, etc.

"Tickets for raffles and lotteries of all kinds, for all affairs presented by church, society, pleasure club, hospital, athletic association or for any other purpose whatever.

"Some of these restrictions will appear rather severe to a merchant at first view, but it is to be remembered that an advisory committee are given the power to allow anyone to solicit or sell any form of advertising that is stamped with their approval. But with very few exceptions these restrictions could be strictly lived up to.

"Why continue to let these things sap the very life blood from our business? If a sneak thief should break into your store and take that which rightfully belonged to you, you would use your best efforts and call for outside assistance to apprehend and convict the culprit. There is unquestionably more money thrown away through the little swindles under the guise of advertising than in the ransackings of the professional crook. Why not use a little of your personal efforts and assist in the forming of a retailers' association in your city, and in this way rid yourself of a few of your burdens?"

FOR TRACK MEET

ENTRY BLANKS BEING SENT OUT OVER DISTRICT.

EXPECT LARGEST MEET

Entries Must Be Sent in by April 11, and No School Can Enter More Than Twelve Contestants.

The constitution and by-laws of the Northwest Missouri inter-high school track meet, revised to date, has been completed and will be mailed to the 113 schools in the fifth district on Monday evening. Twenty-four schools were represented in the meet last year.

A number of the high schools who have been represented in the meet have already sent for application blanks and all the schools who have previously contested are expected to re-enter, so that the largest meet of the organization may be expected on the 24th and 25th of April.

One hundred and ninety athletes contested in the fifteen events last year. Everything possible is now being done to get in readiness for the meet. All the entries must be listed with the corresponding secretary, H. P. Swinehart on or before April 11.

The officers of the organization are as follows: A. R. Coburn, Chillicothe, president; F. C. Teuton St. Joseph, vice president; J. C. Godby, Tarkio, secretary; W. M. Westbrook, Maryville, treasurer; H. P. Swinehart, Maryville, corresponding secretary.

The officials for the meet have not yet been chosen.

No high school can enter more than twelve contestants. Each high school may enter five in each event of the meet, but the preliminaries will eliminate three, leaving only two contestants in the event for the finals.

The high schools enroll by classes. All high schools having an enrollment of 500 or over will be in class A; all with an enrollment from 100 to 500, class B; all having less than 100 enrollment, class C.

VIRGIL W. KEENE INCOG.

Vandyke Beard Disguised Him—What a Columbia Paper Says About It.

The following is taken from the Columbia Daily Tribune of recent date in regard to Virgil W. Keene of this city:

Virgil W. Keene, who represents George D. Barnard & Co., was in town yesterday on his regular trip to Columbia, but a good many of his old friends did not know him for Mr. Keene has cultivated a fine Vandyke, and it is almost a complete disguise. This genial traveling salesman belongs to a coterie of six gentlemen who began "making" Columbia back in the early seventies. Two of them, Charles H. Pierce and A. G. Johnson are dead. The other four, John Ralston, David Lowenstein, William Warren and Virgil W. Keene are still living. Three of them, Mr. Keene, Mr. Ralston and Mr. Warren still visit Columbia. Mr. Lowenstein has quit the road.

Come next 4th day of May, Mr. Keene will have been "making" Columbia twenty-nine years. He began coming here in 1875 and has been regularly on the job ever since. Mr. Ralston is the Nestor of the traveling salesmen who come to Columbia, this being his forty-fifth year. The late Charles H. Pierce was next to Mr. Ralston in the number of years he visited Columbia, Mr. Pierce's term being forty-two years at the time of his death. Mr. Warren has been coming to Columbia considerably over thirty-five years. Mr. Johnson retired from the road before his death, but he was a contemporary of the others. A group photograph of these six gentlemen hangs in many of the hotels of Central Missouri. They were widely acquainted in all the towns which they visited, and the popularity and high standing of each was proverbial.

Attended Sister's Funeral.

Mrs. H. E. Young of Kansas City returned home Monday morning after a week's visit at the home of her brother, Lee Wallace, living northeast of the city. Mrs. Young was called to Clarinda to attend the funeral of her sister, Mrs. Anna Ramsey, who died suddenly of heart trouble last week at her home in Omaha.

Sold Ford Car.

The Barmann Auto company sold Monday a Ford car to Miss Bessie Todd.

Mrs. M. H. Borrusch and sons left Monday for a week's visit at Villisca, Ia., with her parents and Mr. Borrusch's parents.

PRODUCE MARKET

PARCEL POST TO LOWER COST OF LIVING.

FROM FARM TO TABLE

List of Farmers to Be Furnished the Patrons of the Office—Rural Carriers to Do the Rest.

Preliminary steps were taken by the postoffice department at Washington today to perfect its plan for reducing the cost of living by having the parcel post carry the products of the farm directly to the door of the consumer. Ten cities were selected to begin the work of establishing direct communication between product and consumer, Postmaster General Burleson having already issued an order permitting the use of crates and boxes for butter, eggs, vegetables and fruit shipped by parcel post.

Orders went today to the postmasters at Boston, Atlanta St. Louis, San Francisco, Baltimore, Detroit, La Crosse, Wis.; Lynn, Mass.; Rock Island, Ill., and Washington, D. C., directing them to receive the names of persons who are willing to supply farm produce in retail quantities by parcel post. Printed lists of these names, showing kind and quantity of commodity available, will be distributed among town and city patrons.

"By the use of the lists," First Assistant Postmaster General Roper said today, "the city consumer will be able to get in touch with a farmer who will fill his weekly orders for butter, eggs, and other farm produce. The consumer will receive the produce fresh from the country and the personal relationship established no doubt will tend to improve the quality. The farmer will be relieved of carrying his product to market, as the rural carrier will make daily collections at the farmers' own door of these retail shipments to city consumers.

"The point has been raised that difficulty will be experienced in the return of hampers and other containers. This problem does not appear to me to be difficult of solution. The farmer may use inexpensive hampers, whose value would not warrant their return, or he may use the higher grade hampers, for which he may include an additional charge to be credited to the consumer upon the return of the hamper by parcel post."

The postmaster general has the firm conviction that this plan is the one thing necessary to enable the people of this country to enjoy the potential benefits of the parcel post. No one has ever questioned the possibility of reducing the cost of living by establishing direct relations between the ultimate consumer and the original producer. A complete means for such direct transportation was provided for the first time by the establishment of the domestic parcel post, but there has been lacking an agency by means of which the individual producer could get in touch with the individual consumer. The postmaster general's plan is designated to provide this agency for the most economical distribution of those products which are consumed in the form and condition in which they are produced."

LEE LIGHT PLANT SOLD.

Clarinda Concern Purchased by John D. Curtis Company of New York.

Announcement was made last week of the sale of the Lee Electric company plant of Clarinda, Ia., to the John D. Curtis company, New York bankers. Rufus E. Lee will remain as secretary and general manager of the plant.

The past history of the Lee Electric company reads very much like a fairy tale. In 1902 Rufus E. Lee came from Superior, Neb., and organized an up-to-date lighting service, he and his brother, J. Ren Lee, retaining half of the stock, which was $5,000, the other $5,000 of funds being furnished by business men of Clarinda. In 1906 the company incorporated, at which time $12,000 additional was added, and the original investors given the preference of getting back cash for their holdings or taking stock. The present paid up stock of the Lee Electric company is $210,000.

The Lee company is furnishing electricity for Elmo and has been planning for some time to furnish the current for Clearmont, Burlington Junction, Quitman, Skidmore, Graham and Maitland.

Mrs. J. V. Hamilton and daughter, Mrs. Jesse Boyle, of Bedford returned home Saturday from a visit at Burlington Junction with Mrs. Hamilton's son, M. G. Hamilton.

NEW BANK OPENED.

Prospects for Business at Farmers and Citizens Bank at Barnard Better Than Expected.

The new Farmers and Citizens bank of Barnard opened Saturday morning, March 21, with much better business that the officers expected.

The interior presents a handsome and business-like appearance, and is thoroughly equipped for modern up-to-date banking, including a line of safety deposit boxes. The woodwork is all of oak, the walls beautifully tinted in shades of green. The new business is a decided improvement for Barnard and surrounding country.

FEVER SCARE ABOUT OVER.

Only Twelve Cases in the City, While Outside of Town There Are 140 Cases.

The scarlet fever scare in Maryville is about over and there is no danger whatsoever to people who come to this city. There are some twelve cases of the fever, but they are all in a light form and none of the patients are in a critical condition. Everything is being done to prevent the spread of the disease, and it is expected that by Wednesday the public school will resume work and that the picture theaters will open.

There are so many reports out in the county that there are 100 or more cases in Maryville that it is thought best to publish just what the real facts are. There is no reason for alarm over the scare.

It has been estimated that outside of Maryville there are 140 cases of scarlet fever, and also there are many more cases in the country that have never been reported.

A CRITICAL OPERATION.

Dr. Vilas Martin Passed Through a Serious Time Sunday Afternoon at St. Francis Hospital.

Dr. Vilas Martin was operated on Sunday afternoon at St. Francis hospital by Dr. F. R. Anthony for a mastoid abscess, the operation being known to surgeons as the simple mastoid operation, and is an extremely delicate one.

Dr. Martin has been dangerously ill for a week of la grippe infection of the nose and throat, with gatherings in both ears. One mastoid abscess formed at the left ear. The bone back of the ear was chiseled through, a piece of bone an inch long being removed, and the pus taken out. The operation was performed just in time, as to wait later would have proved fatal.

Physicians present were Dr. P. Q. Fulkerson of St. Joseph, the consulting physician; Dr. F. M. Martin, Dr. G. A. Nash, Dr. F. M. Ryan, Dr. A. B. Allen, Dr. Charles T. Bell and Dr. Leslie Dean.

Dr. R. H. Street of Chicago, a noted ear specialist and a close friend of the patient, arrived in Maryville Monday morning, and spent the day with Dr. Martin. He was telegraphed for Sunday and it was thought he could reach Maryville for the operation, but it was found necessary to act before he came. He thinks the patient is doing as well as the seriousness of the case will warrant.

To Have Clean-Up Day.

Conception Junction is to have a general clean-up day, and the date selected is Tuesday, March 24, providing weather conditions are favorable.

Mrs. P. C. Holliday and Miss Francis Holliday of Elmo were shopping in Maryville Saturday.

FOR ARBOR DAY

STATE SCHOOL SUPERINTENDENT URGES GOOD GROUNDS.

SHOULD PLANT TREES

Not Less Than 100,000 Trees Should Be Planted—Arbor Day is April 10th—Get Ready.

Arbor day this year is April 10, and State Superintendent Evans is urging all the schools over the state to observe the day. In a letter Mr. Evans says.

"The observance of Arbor day should enforce the need of an improved setting for the school house. Beautiful trees appeal to some of our finest impulses and afford an inviting place for rest and study. No school yard should be without them as adornment and for use.

"If your school grounds are without trees, you should at once take steps to remedy the neglect by planting some. They may be planted before the day set for the celebration and the exercises deferred to the stated time. Some of them should be quick growing and should soon begin to relieve the barrenness, but others should be the more hardy and beautiful varieties. Care should be taken to place them far enough from the building to prevent cutting off light, and they should not be so placed as to ruin the playground, as this is an indispensable part of the school plat.

"Not less than 100,000 trees should be planed this year. Will you plant ten?"

The program as suggested for Arbor day follows:

Song, "Anthem for Arbor Day," S. F. Smith.

Invocation.

Music.

Proclamation of the governor and message of State Superintendent Evans.

Scripture reading (selections made by the teachers).

Essay, "The Origin of Arbor day."

Recitation, "Woodman, Spare That Tree," by Morris.

Song, "Nature's Greeting to the Birds," by Irish.

Recitation, "The Groves Were God's First Temples," by Bryant.

Quotations from various sources.

Oration, "Protect the Trees."

Short quotations by four or five pupils.

"What Do We Plant When We Plant Trees?"

Address by local speaker.

Planting and dedicating trees.

Benediction.

SUING FOR DIVORCE.

Albert I. Cook Alleges Abandonment in His Petition For Divorce From Lou Elizabeth Cook.

A divorce suit was filed Monday in Circuit Clerk Rathbun's office by Attorney S. E. Brown of Hopkins for Albert I. Cook vs. Lou Elizabeth Cook. The petition states that they were married in Nodaway county on February 25, 1890, and lived together until March 1, 1906, when the defendant left without reasonable cause and has since been away.

Another suit filed Monday was Dennis N. Burch vs. Jasper H. Burch, attachment. S. E. Brown is the attorney.

Four Life Diplomas.

Those who finished the life diploma course of the Normal with the winter term that ended March 6 were Miss Floy Lyle of Maryville, Miss Jane Salmond of Tarkio, Miss Eva Call of Trenton and Glen Lukens of Cameron. These graduates, with a large class at the end of the spring quarter, will be present to take part in the annual commencement exercises and alumni banquet in May.

WILSON CONTENDING WITH HOUSE LEADERS

President and Advisers Canvass Panama Tolls Question.

Washington, March 23.—President Wilson and his advisers were in consultation, canvassing the Panama tolls situation. They talked with administration leaders in congress and learned that while there was little reason to doubt the ultimate triumph of the repeal of the exemption, a stubborn opposition had arisen, particularly in the house.

One of the peculiar phases of the situation is that Speaker Clark, Majority Leader Underwood, Representative Kitchen, Representative Fitzgerald and others usually with the administration in its policies, now are opposing it. With this opposition are many Republicans and Progressives and the probability of a close vote is daily increasing.

It is generally admitted among the president's friends that he is confronted with the most serious opposition he has yet encountered, and they point out that the general effect on the nation's foreign relations in the event of the failure of the repeal surely would lead to considerable embarrassment in other diplomatic questions now pending.

Charges that some of the Democratic and Republican opponents of the repeal in the house are filibustering on the rivers and harbors appropriation bill to prevent action on exemptions repeal as long as possible continued to be heard.

LAND FOR 2,500 PERSONS

Tract of 410,000 Acres in Oregon May Be Filed On in June.

Portland, Ore., March 23.—More than 400,000 acres of land in the Deschutes and Paulina national forests in Crook, Lake and Klamath counties will be thrown open for settlement within sixty days through an order just signed by President Wilson withdrawing this land from the forest reservations. This land will provide homesteads for more than 2,500 persons.

It is reported that the land will be opened for actual settlement May 9 and that filings will be permitted on and after June 8. Officials of the forestry bureau in Portland estimate that of the aggregate of 410,763 acres thrown open, approximately 120,000 acres are occupied by settlers. These settlers will be permitted to remain. Settlers on the remaining 290,000 acres will be permitted to take up homesteads of 150 acres each in accordance with the federal land laws.

Wants All Bachelors Taxed.

Pittsburgh, March 23.—"All the Oriental youths must marry when they are young. I want to see a law passed that would compel every young man over twenty-five who is not married to pay a tax to the government for the support of a wife," Rev. Dr. Camden M. Cobern of Allegheny college, Meadville, Pa., said at the session of the midwinter bible conference. Dr. Cobern deprecated advanced bachelorhood and urged young men to marry young.

Favors Shown to Wife of Caillaux.

Paris, March 23.—The killing of Gaston Calmette, editor of Figaro, by Mme. Caillaux, wife of the former minister of finance, continues to absorb public interest. The protest that Mme. Caillaux is the recipient of excessive favors in prison assumed formidable proportions. She passed a bad night following the lengthy examination she underwent before Magistrate Boucard.

Further Volcanic Activity in Japan.

Tokyo, March 23.—A severe eruption of the volcano on Suwanez island, south of Kiushiu, began. The flames rose 500 feet above the mouth of the crater. An expedition has been sent to give relief to the 280 inhabitants of the island. The long extinct volcano Chokai, near Sakata, also is in eruption.

Mrs. H. J. Kelley returned Saturday evening from a several days' visit with her daughter, Mrs. Ernest Wray.

Dr. A. W. Paulette of King City visited in Maryville over Sunday with his brother, Jesse Paulette.

A. L. Cutler of Kansas City visited in Maryville over Sunday with his daughter, Marcia Roxanne Cutler.

Mrs. Carrie Wilson of Guilford was a visitor over Sunday at the home of her brother, N. C. Covey.

Mrs. Mary Griffith of Savannah returned home Monday morning after a few days' visit with her sister, Mrs. A. T. Clark. Mrs. Griffith stopped in Maryville on her way home from a visit with her daughters, Mrs. Elmer Anderson and Miss Minnie Griffith.

Editor Moorhead's Father Dead.

Editor W. L. Moorhead of the Hopkins Journal left Sunday morning for Baldwin, Kan., called there by the death of his father, Rev. John Moorhead, who died at his home there Saturday evening. Rev. Moorhead was 85 years old and had been on the retired list of Methodist ministers for several years. Early in his ministry he was pastor at Grant City, Mo., but the greater part of his ministerial life was spent in Kansas. He preached to the prisoners in the Kansas state penitentiary for many years. His wife died four months ago. Three children survive, Mr. Moorhead of Hopkins, Dr. John Moorhead of Neodesha, Kan., and Mrs. H. K. Ebright of Baldwin, Kan.

Go-to-Church Day in Skidmore.

Go-to-Church day will be observed in Skidmore on Sunday, April 5. Special programs will be given and it will be the endeavor to get every one in the town to go to church that day. Skidmore is a pretty good church town anyway, and it should not be a hard matter to have every home in that community represented that day.

Quarterly Meeting.

Presiding Elder McPherson of St. Joseph is holding quarterly meetings at the M. E. church, South, in Guilford Monday for the Ravenwood, Bethel and Guilford churches.

To Ensworth Hospital.

Mrs. Thomas Pugh of Guilford was taken to Ensworth hospital Monday morning, where she will be operated on for appendicitis.

Mrs. A. Bosley went to Parnell Saturday to visit her daughter, Mrs. Pearl Griffey.

Mr. and Mrs. C. B. Alexander of Hopkins were Maryville visitors Monday forenoon.

A marriage license was issued Monday by Recorder Wray to Fred M. Jackson and Louise Warren, both of Creston.

A marriage license was issued Monday by Recorder Wray to Lea Lester Dale of Burlington Junction and Vada E. Yardley of Wilcox.

Harold Ford of Chicago, who was called to Maryville by the death of his sister, Mrs. Glade Bradley, left for his home Saturday evening.

In Police Court.

There were three cases of vagrancy up before Mayor Robey this morning and each one of them received a fine of $5 and costs. They were C. R. Steel, Mike Williams and Luke Lavin. Being unable to pay the fine and costs they will work it out for the city. Another case up was that of H. Vanvark, who was fined $2 and costs for drunkenness.

Home From St. Louis.

Mrs. Berney Harris and daughter and Mrs. Herbert Langsdorf and son returned Sunday morning from St. Louis, where they have been visiting for nearly five weeks. Mrs. Harris was called by the illness of her father, B. Schaarf, who has made considerable improvement for several days. Mrs. Langsdorf visited her parents, Mr. and Mrs. Block.

Class Gave Play.

The senior class of the Lafayette school, southeast of Guilford, of which Miss Eva Rodgers is teacher, gave a play Friday night at the school before a large audience. After the play, which was splendidly presented, there was a pie sale, Ernest Workman being the auctioneer. The pies brought $15. The class numbers eight students. They will be graduated soon.

Mr. Hull Still Improving.

Mr. J. F. Hull of the Tribune continues to improve, but he will not be allowed visitors for another week, owing to his nervous condition, due to the severity of his illness.

C. M. Johnson, deputy sheriff of Bedford, Ia., was a city visitor Saturday. He said that Lloyd Conder, who was caught in Maryville last week for stealing a team of horses, was sentenced to five years in the penitentiary on Friday.

James A. Greenlee, who has been employed in the Strong barber shop for some time past, will leave for Effingham, Kan., Monday. Mr. Greenlee has bought a barber shop there and will take possession at once.

Dr. J. K. Phipps of Grant City came to Maryville Sunday evening to assist in an operation on his nephew, son of Mr. and Mrs. I. J. Phipps of this city. Dr. Phipps left this morning after the operation for his home.

Mr. and Mrs. F. M. New of Hopkins were in Maryville on business Saturday morning.

Visiting in St. Joseph.

Miss Marie Brink and Miss Maud Bainum went to St. Joseph Monday morning. Miss Brink will remain for a several days' visit with her aunt, Mrs. J. W. Spencer. Miss Bainum will return Monday night.

Miss Isabelle Read of Breckenridge, Mo., who has been engaged as a nurse in the case of J. F. Hull of the Tribune, left Monday morning. Mr. Hull continues to improve.

Attended Aunt's Funeral.

Mrs. S. J. Schrader of near Barnard visited in Maryville from Friday until Sunday with her sisters, Misses Mary and Hannah Shea. Mrs. Schrader had been to Omaha to attend the funeral services of her aunt, Mrs. Margaret Fitzgerald, an old resident of that city, who was 84 years old at the time of her death.

Frank Mahan and son of Hopkins were in Maryville today on business.

INDIGESTION, GAS OR SICK, SOUR STOMACH

Time It!—"Pape's Diapepsin" Makes Your Upset, Bloated Stomach Feel Fine in Five Minutes.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the **largest selling stomach regulator in** the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Advertisement.

REBELS DEPLOY THEIR FORCES

Troops Posted at All Vantage Points Before Torreon.

ALL HINGES UPON THE BATTLE

Washington Government Declines to Change Attitude Publicly or Express Opinion on Any of the Proposals Made by Huerta.

Bermejillo, Mex., March 23.—Rebel troops have been posted at all vantage points before Torreon and General Villa left here for the front.

The front of khaki-clad rebels, including the almost naked Indians who offered their services and those of their bows and arrows at Chihuahua a month ago, but who have been given modern uniforms and arms, was nearest the enemy at Brittingham Junction, only seven miles north of Torreon. Other columns were fifteen, twenty-two and even more miles away, but all were reported in motion along the route opened by the vanguard, in the direction of Torreon.

Before leaving for the front General Villa said he doubted whether the federals would make further resistance until his assault on their main position takes place, although there were rumors that the enemy would make a show of resistance at Gomez Palacio, a suburb of Torreon, reached by street cars, and noted for its big railroad shops.

At a great irrigation ditch shortly after leaving Bermejillo General Benavides came upon a federal force, which he estimated to number 400. An hour's engagement ensued, as a result of which the rebel commander reported to General Villa the rout of the enemy, leaving ninety dead on the field. His own loss he reported as three killed and seven wounded.

This force of government troops seems to have been far in advance of support and the town of Tlahualilo was garrisoned by a rebel squad without resistance. Meanwhile General Herrerra occupied Santa Clara and sent a force to bridge the ditch where General Benavides had vanquished opposition.

Awaiting Outcome at Torreon.

Washington, March 23.—Although full reports of the conference at Vera Cruz between John Lind and Senor Rojas, minister of foreign affairs in the Huerta cabinet, have been received here, the disposition of the American government is to make no change in its policy toward Mexico or express itself on any of the new proposals reported to have been made until the battle of Torreon is fought. This became authoritatively known, although officials declined to say what new proposals had been made by the Mexican cabinet officer.

EUROPE IS RADIUM CENTER

Only Two Grains of Thirty in Existence Is in United States.

Washington, March 23.—The annual report of Director Joseph A. Holmes of the federal bureau of mines tells how the United States failed to recognize the importance of radium as a cure for cancer until the European countries had procured practically all of the present available supply.

It is estimated by Director Holmes that "in the United States 75,000 persons die each year from cancer." Explaining that radium is considered the most promising cure for certain types of cancer, the director says the most serious barrier to progress in demonstrating this is the scarcity of radium.

"There is probably not more than thirty grams of radium available for use in such treatment in all countries," the report says. "Of this amount there is probably not more than two grams of radium bromide in the United States, in the hands of a few surgeons.

"Probably fifteen grams of radium bromide was produced during 1912 and of this nearly 11.5 grams was extracted in European countries from ores shipped to them from the United States—mainly from Colorado and Utah."

Mother Jones Leaves for Trinidad.

Denver, March 23.—"Mother" Mary Jones, the aged strike leader, left for Trinidad, in defiance of military orders. "I certainly expect to be arrested the moment I step from the train," said she, "and I will go back to the hospital, since the soldiers have the bayonets and I have nothing but the constitution."

Mob Beats Troops to Negro.

Canton, Ala., March 23.—While a company of militia was hurrying from Montgomery and before a sheriff's posse with Charles Young, a negro could reach this city, a mob captured the prisoner and lynched him.

Jeanette Defeats Carpentier.

Paris, March 23.—In a fifteen-round bout here Joe Jeanette, the American heavyweight puglisit, won the decision over Georges Carpentier, the French champion, on points.

Favors Suffrage.

Pottstown, Pa., March 23.—The Philadelphia conference of the Methodist Episcopal church unanimously adopted a resolution favoring woman suffrage

RUN-DOWN WOMEN

Find Health in a Simple Tonic.

How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed—but they are run down, thin, nervous, tired and devitalized.

Women are so active nowadays, and so much is expected of them, that they constantly overdo and suffer from headache, backache, nervousness and kindred ills.

Such women need Vinol, our delicious cod liver and iron tonic without oil which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. Walter Price, Biloxi, Miss., says: "I was in a run-down condition for months, I had taken several medicines but they seemed to do me no good. Finally Vinol was recommended, and from the first bottle I began to improve until I am strong and well as ever."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

Selected Members of Board.

At a mass meeting held in Conception Junction recently for the purpose of nominating members for the town board, James C. Donnelson, P. R. Growney, J. F. Pfeiffer, George F. Bickett, John H. Luke, J. L. Henry, L. C. Smith, E. L. Lewis, A. M. Schafer and James Morrisey were selected. They will be voted upon at the coming election held in that town.

Miss Bess Nicholas left Monday morning for Circleville, Kan., for the coming millinery season, where she has been employed in a millinery store for several years.

Miss Nora Martin to Marry.

Maryville friends have received invitations to the marriage of Miss Nora B. Martin and Howard K. Peterson of St. Joseph, at 5 o'clock Sunday evening, April 12, at the home of the bride's parents, Mr. and Mrs. Charles Martin, 2701 South Eighteenth street. The bride-elect is the eldest daughter of Mr. and Mrs. Martin, former Maryville residents, and a niece of M. A. Turner of this city. The bridegroom-elect is a young groceryman of South St. Joseph.

His Sixty-Third Birthday.

B. A. Cox of near Barnard was given a surprise dinner Thursday, March 19, in honor of his sixty-third birthday anniversary. Dinner was served at 1:30. Games and music occupied the guests the remainder of the day. The company included B. A. Cox, Mr. and Mrs. Jacob Outs and son, Mr. and Mrs. Will Conklin and family, Mr. and Mrs. Yates Cox, Mr. and Mrs. Ed Russell and family, Mr. and Mrs. S. J. Icke, Mr. and Mrs. S. M. Wesley Cox, Edgar Henderson and Bert Icke.

Her Mother's Birthday.

Miss Mabel Hunt entertained Sunday in honor of her mother, Mrs. J. L. Hunt, who reached her seventy-fifth birthday anniversary that day. The affair was a complete surprise to Mrs. Hunt, and all the more enjoyable to her. A three-course dinner was served at 11 o'clock. The table was centered with a large bouquet of red carnations, the gift of Mrs. Hunt's brother, Judge W. H. Conn. A color scheme of pink and white was carried out in the desert. The table was arranged for Mr. and Mrs. J. L. Hunt, Judge W. H. Conn, Mrs. Rosanna Stauble, Mrs. James Craig, Mrs. J. M. Ringgold, Mrs. G. M. Campbell, Mrs. Linda Nelson. The afternoon was delightfully spent until 5:30, when all took their departure, each wearing a carnation. Music and singing, in which all present joined in singing many old-time hymns, among them many favorites of the guests. Each guest's name was placed in Mrs. Hunt's birthday book, and a verse from Tennyson appropriate for each was read.

AN EXHIBIT OF THE NEWEST MODES IN MILLINERY THIS WEEK

THE Alderman-Yehle Millinery Store has prepared a showing of the new styles in Hats, and all this week the fascinating new models will be on display.

This season marks a very decided change in styles. The odd shapes, the graceful lines, the beautiful trimmings, all denote the change which Fashion has brought.

With Easter just around the corner—only seventeen business days away, comes the question of the Easter Hat.

A visit to our store this week will show you the shapes most in demand and enable you to make your selections with assurance as to their style correctness and value.

We hope you will take this opportunity to see the new models we have brought from the Fashion centers for you.

MOVEMENT OF TROOPS IS OVER

Their Disposition Affected by Threatened Resignations.

SEVENTY OFFICERS RESIGN.

Notified This Means They Will Be Liable to Court-Martial—Not Slightest Disturbance Follows Threatening Attitude of Followers of Carson.

London, March 23.—All is quiet in Ulster. The king has thrown his influence on the side of conciliation and seems to have made a personal appeal to the officers who had resolved to resign rather than face the possibility of being called upon to fight in Ulster, and it may be taken for granted that the king is equally exerting his influence with the ministers in the same conciliatory directions.

Proofs are not wanting of the desire on both sides that everything possible should be done to avoid any chance of conflict. The Nationalists have abandoned their proposed parade at London, and Sir Edward Carson, the Ulster Unionist leader, continues to voice his desire to do his utmost to avoid provocative acts.

All Troops Moved.

The government announced that all intended movements of troops have been completed, but this may be a decision necessitated by the threatened resignations of the officers. Apparently no further actual resignations have been offered. Numerous questions of this and cognate questions are to be asked in parliament today and should bring forth reliable information on what at present is a somewhat obscure subject, owing to the heat of party feeling.

As a result of a meeting of the party leaders, Andrew Bonar Law will move the adjournment of the house with a view to securing a discussion of the situation.

The prime minister conferred for an hour with the king, and the utmost activity prevails in all government quarters. Among the political leaders, however, the situation is considered more favorable.

Account of Defection.

What appears to be a reliable account of the defection of the officers at Curragh comes in a Dublin dispatch. The officers received notification from the war office that unless they were prepared for active service in Ulster under certain contingencies they should send in their papers within twelve hours. As a result of this notification seventy out of seventy-six officers, including Lord Holmpatrick, resigned.

General Paget told them that the war office was willing to accept the resignation of General Gough of the Third cavalry brigade and the senior officer of his staff, Major Kearsley, but that the others would be individually liable for their refusal to serve, which meant that they might be court-martialed.

General Gough and Major Kearsley declined to accept the offer of special treatment and said they would stand or fall by their brother officers.

General Paget gave assurance that the movement of troops to Ulster was intended merely for the protection of government property and on this assurance the officers eventually agreed to proceed to Ulster for police duty, but resolutely refused to undertake hostilities against the Ulster loyalists.

T. R. LOSES EQUIPMENT

Colonel's Party Suffers Mishap In Rapids of River in Brazil.

New York, March 23.—The loss of all the equipment of Theodore Roosevelt's party in the unexplored wilds of central Brazil is reported in a cablegram from Anthony Fiala, a member of the party. The message, dated at Santarem, Brazil, follows:

"We have lost everything in the rapids. Telephone my wife of my safety."

The rapids mentioned are presumed to be those of a tributary of the Amazon river.

Brigands Sack Entire Towns in China.

Peking, March 23.—Outrages by brigands in central China are assuming alarming proportions. Several bands associated with the noted outlaw, White Wolfe, are ravaging sections of the country, murdering and robbing the people and burning their property. The latest exploit of the bandits was the massacre of 300 townsfolk who were resisting their entrance into an important market town close to Siangyaungfu.

Woman Outlives Her Four Husbands.

Colorado Springs, Colo., March 23.—Mrs. Jane Butcher, ninety-one years of age, one of the most remarkable women who ever lived in the Pike's peak region, died at the home of her son-in-law and daughter, Dr. and Mrs. M. Hook, in Colorado City. Mrs. Butcher outlived four husbands, and her last proposal of marriage came when she was seventy-two years old.

Returning to Normal Temperature.

Washington, March 23.—A gradual return to normal spring temperatures with generally fair skies, during the coming week was predicted by the weather bureau for all sections of the country east of the Rocky mountains.

Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded $235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.

Our first excursion to this country of opportunity will be April 7th. For rates and terms see
